Troops Leave as Crisis Eases in San Francisco

SAN FRANCISCO (AP)—Some National Guard troops left San Francisco today, underlying official hopes that three days of racial disturbances were near an end. Heavy trucks loaded with helmeted troops rumbled out of the parking lot at Candlestick Park, baseball home of the San Francisco Giants and one of two bivouac areas for the Guard. Maj. Gen. Paul R. Teitel, Guard commander, announced as the troops started for home: "We now have about 1,000 men in the city. At the highest concentration we had 2,000. The strength of troops hereafter, he said, will be determined 'on a day-to-day basis.'"

Man Is Hurt In Industrial Accident

The leg of a Twin Falls man was severely injured Thursday in an industrial accident at a local seed company. Twin Falls Police said Ross McMurlin, about 28, was injured about 3:30 p.m. at Rogers Brothers Seed Co., 603 Washington St.

He said he had been operating a machine to dump boxes of seed into the cleaning machine. At the time he was injured—he had climbed down from the machine and was using a broom to clean seed from the floor.

Officers said the broom handle apparently hit the control switch which raises and lowers the box. The partially filled box crashed to the floor, pinning McMurlin beneath it. The box was pulled from his leg with iron bars.

With shock and the leg injured, he was taken to the Twin Falls Clinic Hospital.

American Is Ejected From Soviet Union

MOSCOW (AP)—A 26-year-old American college graduate has been expelled from Russia on charges of working for the Central Intelligence Agency and engaging in "hostile activities." Russian authorities disclosed today.

The Soviet labor newspaper Trud said Nicholas H. Riegg, of Concord, Calif., who was graduated from the University of Pennsylvania in 1965, was ejected this month.

Trud said that Donald R. Lesh, a U.S. Embassy secretary who was expelled Sept. 14, had served as contact man for Riegg. It charged that Lesh also worked for the CIA and helped Riegg in his activities.

The U.S. Embassy called the charges "unfounded." No specific charges had been made against him until today.

Riegg, registered at the Embassy here as a tourist on Sept. 1. A spokesman said Riegg may have spoken with Lesh, but he called this doubtful.

Riegg told the Embassy there that four days before he was "entrapped" by plainclothesmen at Khar'kov, Ukraine, accused of the crimes of trying to remove his clothes. Foreigners are not allowed to take their clothes with them when they leave the country.

The Embassy here said it had no further details about Riegg, except that he had "golden eyes" of Eastern Europe.

Trud said Riegg had signed a statement admitting the charges against him.

EMBATTLED U.S. MARINES wait at their foxholes as an evacuation helicopter swirls through dawn sky to pick up men wounded and killed during night of fighting along the demilitarized zone in Viet Nam. Mist lies over mountain in background. Marines, on Operation Prairie, were combating a well dug-in North Vietnamese Army force. (AP wirephoto)

County Aides Group Elects Kellogg Man

Ewing Little, Shoshone County commissioner, Kellogg, was elected president of the Idaho Association of County Commissioners and Clerks at the final day of the annual convention Friday at the Holiday Inn. Other new officers are Morris Carlson, Twin Falls County commissioner, Filer, and Otto Branner, Nez Perce County commissioner. Clifford, both vice-presidents, and Glen Swenson, Franklin County commissioner, President.

McKay Talks At Opening of LDS Meeting

SALT LAKE CITY (AP)—Some current political and philosophical trends were described by the 93-year-old leader of the Mormon Church today as he opened the church's 1966 annual general conference.

President David O. McKay of the LDS Church attacked the trends in a speech prepared for the opening of the church's 1966 annual general conference. He defended so-called "right-to-work" laws and said, "It is a great imposition, if indeed not a crime, for any government, any labor union, or any other organization to deny a man the right to work, to worship and to work."

Mishan Probed Near Raft River

BURLEY—State police and sheriff's officers were investigating an auto accident three miles west of the Raft River State Friday noon.

Report of the accident was received here about 11 a.m. according to the sheriff's office. It was not known how many cars were involved but a wrecked car and ambulance were called and it was reported injured persons were taken to the American Falls Hospital.

The site is in Cassia County.

Harding accused Jordan of ignoring Idahoans' needs.

U. S. Planes Raid Reds Near Border

SAIGON, South Viet Nam (AP)—250 bombers delivered a one-two punch today in two raids against North Vietnamese forces fighting U.S. Marines just south of the demilitarized zone.

The B-52s unloaded tons of bombs on infiltration routes, and supply and assembly areas for the Communists fighting on the southern edge of the zone.

One raid hit 20 miles southwest of Dong Ha, just major base for the Marines battling North Viet Nam's 324th division in Operation Prairie.

The second raid was 10 miles northwest of Dong Ha. The two raids came less than 12 hours after Marine artillery, tanks and planes claimed down on a Communist command post in a valley a mile and a half below the demilitarized zone.

U.S. planes flew 126 bombing missions over North Viet Nam today, dropping 2,300 bombs, 127 tons of bombs, 127 tons of bombs, 127 tons of bombs.

American pilots flew 414 single-engine sorties over South Viet Nam Thursday and claimed destruction or damage to 238 enemy structures or fortified positions and 21 sampans. South Vietnamese pilots flew 153 combat sorties.

Funds Granted

WASHINGTON (AP)—Allocation of \$80,000 to aid farmers in Idaho's Twin Falls County to repair damaged property by San Frank Church, D-140.

Inez Slams Cuba With Savage Fury, Death Toll Rises

MIAMI, Fla. (AP)—Hurricane Inez fell on Cuba with savage fury today and in her gray, soggy wake a communications blackout may have concealed a great human tragedy in Haiti's "Valley of Death." The known death toll of the tropical storm had reached 88 as Inez attacked Cuba's Oriente Province with a sustained blow of 138 miles per hour and possibly with gusts much more powerful than that.

U Thant to Consider Second Term at U.N.

UNITED NATIONS, N.Y. (AP)—U-Thant said Thursday night he would give "serious consideration" to the Security Council's desire for him to take a second term as secretary-general of the United Nations. "That means he will stay," one diplomat remarked. "I think he will not," said another. The council after a 35-minute private meeting Thursday issued a communique saying U-Thant "should express willingness to serve another term if it would fully meet"

the desires of the members of the council. "Thant later declined to tell reporters when he would come to some conclusion. He referred to his spokesman's statement and said: 'That's all I want to say for the moment.'"

Thant's five-year term expires Nov. 3. He had decided not to offer himself for a second term. But on Sept. 18 he told newsmen he would consider staying until the General Assembly concludes the end of the year if the council could not find somebody to replace him in the next few weeks.

The secretary-general is being considered by the Security Council, U.N. diplomats said. The United States and the Soviet Union may take a long time to agree on a successor.

Senate Opens Debate on Poverty Bill

WASHINGTON (AP)—The fight over the antipoverty program shifts to the Senate today where debate opens on a \$2.5-billion bill to increase the \$750 million above the administration's budget.

The Senate action follows House passage Thursday night of a bill to raise the \$1.75-billion budget. The bill also tightens controls over how the money could be spent. The House vote was 210 to 155.

No votes are expected in the Senate before next week. Republicans plan a drive to cut back the increased authorization, added by the Labor Committee.

The funds would boost authorization for Head Start, a program for preschoolers; and the Neighborhood Youth Corps, which provides training to young people in public agencies. Money also was added to start a new program for neighborhood health centers.

For the first time since the Senate before next week, the House will vote on the bill. The House approved the bill by a vote of 333 to 100. At present levels, it would have a \$8.5 billion deficit. The bill would cut the federal deficit by \$2 billion.

White Voter Backlash Is Examined by Congressmen

WASHINGTON (AP)—Some of two candidates for Democratic governorship nominations, Lester G. Maddox in Missouri and George P. Mahoney in Maryland.

Truman Is Recuperating At Home

INDEPENDENCE, Mo. (AP)—Former President Harry S. Truman has been confined to his home since his return from a hospital where he was taken July 30 suffering from severe colitis.

Truman's long-time secretary, Fred Conroy, said the 76-year-old former president promised to return to his office "any day now."

Friends say Truman still suffers dizzy spells, especially when he attempts to walk. He has been ordered by his doctor to move about as little as possible, they say.

The intestinal disturbance two months ago kept Truman in a hospital in Kansas City for six days.

The Truman Library, where the president has a large office, is about a half mile from his home. In recent years Truman has arrived there at 7:30 a.m. before the office help arrived and returned home for the day by 11 a.m.

Two years ago he fell against the bathtub in his home and was in the hospital for nine days with two rib fractures and cuts and bruises about the face.

3 Bombs Dropped On Cuban Coast

MIAMI, Fla. (AP)—The Cuban Air Force military said Thursday a plane that apparently came from the United States dropped three bombs on Cuba's coast. The military said only one bomb exploded and there were no casualties and no damage.

Harding accused Jordan of ignoring Idahoans' needs.

Savings Bond Sales Again Show Rise

United States Savings Bonds sales are up over last year for the sixth consecutive month, the Volunteer District Savings Bond chairman, James S. Kinney, announced Wednesday in his monthly report to county residents.

"Cash value of savings bonds owned by Americans now totals a record \$49 billion, \$76 million as compared with \$46 billion, \$51 million for this period a year ago," he added.

District 3 sales, including Blaine, Camas, Cassia, Gooding, Jerome, Lincoln, Minidoka and Twin Falls Counties, total \$121,352. Statewide sales total \$705,642 for the month, bringing Idaho sales for January through August to \$5,576,163 as compared with \$5,023,834 for the first eight months of last year. National sales for August were \$387 million compared with \$371 million for that month a year ago.

Breakdown of county sales by county, 1966 sales quota, August sales, 1966 sales quota and percentage of quota made are: Blaine, \$25,000, \$3,384, 13.5 per cent; Camas, \$25,000, \$2,545, 10.18 per cent; Cassia, \$100,000, \$15,963, 15.96 per cent; Gooding, \$25,000, \$3,384, 13.5 per cent; Jerome, \$25,000, \$2,545, 10.18 per cent; Lincoln, \$25,000, \$3,384, 13.5 per cent; Minidoka, \$100,000, \$15,963, 15.96 per cent; Twin Falls, \$100,000, \$15,963, 15.96 per cent.

Total of 1966 sales through August is \$638,950 or 77.9 per cent.

"As September is America's back to school month," Kinney said, "we are emphasizing the importance of the U.S. Savings Stamp program which started many of today's bond buyers on their thrifty programs when they were school children."

"Every college today has students who are being helped by Savings Bonds they or their parents purchased regularly over the years with high education in mind. Many were introduced to Savings Bonds through School-Savings Stamp programs."

Promoted

DETIRICH — Gary F. Bowm, 27, son of Mr. and Mrs. Walter W. Bowman, Detirich, has been promoted to captain at the U. S. Army depot complex, Western France.

Capt. Bowman is stationed at the Chillon Depot-Activity in Western France where he serves as finance officer for Detachment A, 27th Finance Section. He was graduated from Idaho State University in 1963 with a B.S. degree in accounting and entered the army in August, 1963.

False Alarm

ALBUQUERQUE, N. M. (AP) — Police answering a burglary call to a business establishment found two men who said they were passers-by who called officers after hearing the burglary alarm.

Officers arrested Donald Denis, 31, and Carlos G. Perez, 26, both of Albuquerque, Wednesday night with aggravated burglary.

Police said the establishment's alarm can be heard only at the alarm company's central office.

Joel Young Heads Grange At King Hill

KING HILL — Joel Young was elected master of the King Hill Grange at a business meeting Tuesday night.

John Davis is overseer; Denver Allred, steward; F. A. K. Jones, assistant steward; Alice Finlayson, chaplain; David L. Ickes, gatekeeper; Mildred Davis, Ceres; Dorothy Ickes, Pomeroy; Christina Greer, Flora; Mrs. Cecil Bott, lady assistant steward; and Charles Finlayson, executive-committee member.

Re-elected were Phyllis Young, steward; Karl Anderson, treasurer; Audrey Allred, secretary; Virginia Jones, assistant secretary; Mrs. L. E. Jones, economic chairman; and Gladys Anderson, planist.

The charter was draped in honor of Rev. R. I. Barnes, Mrs. Eugene Allred, Detirich, assisted the Grange to install new flooring and new windows in the post office.

Kenneth Jones was named chairman of the building committee. Other members include Thomas Timbore and Mollie Helwick. Karl Anderson reported the next payment on the pool is due Dec. 1.

State Grange convention will be held Oct. 25-28 in Moscow and the Grange Idaho 1966-67 insurance is scheduled for Oct. 24.

Mr. and Mrs. Frank Jones elected as alternates to State Grange.

The Mountain Home Grange will be invited to attend joint installation ceremonies Oct. 17 at the King Hill Grange Hall.

Booster night will be held Saturday.

VFW to Meet

RUPERT — Veterans of Foreign Wars post and auxiliary members of district 6 will hold a quarterly meeting Sunday afternoon at the VFW armory.

A potluck dinner is scheduled for 1 p.m. All members attending are asked to bring their own plates, service and a covered dish.

Now that the VFW is getting to be such a hot car, we put in a couple of things to slow it down. Dual brakes. The front wheel brakes are completely independent of the rear wheel brakes. So if you ever get on the front wheel brakes, you could still stop the back of the car. (Which automatically stops the front of the car too.)

The new VW also has seat belts, back-up lights and recessed door handles as standard equipment. In fact, this year's model is more complete than the Volkswagen that we thought would be better than a Volkswagen.

We wrote "Volkswagen" on the back of the car to be sure everybody would know what it was.

YOU'REE MOTOR CO., INC.

351 Main East Twin Falls, Idaho

Introducing two of the most radical changes in Volkswagen history. Can you spot them?

Did you notice that the headlights are vertical now instead of leaning back a bit? That doesn't make the car look any better. But it makes the road look better by making the lights a little brighter. And that little hump in the back? We did that to hold the license plate up straight so the police can read it better. (Sorry!)

What you won't notice without driving the new model are the big improvements. The engine has been enlarged to a fabulous 53 horsepower. That only adds 3 m.p.h. to the top speed. Because we put most of the additional power where it would make the engine accelerate faster, turn slower and last even longer.

Now that the VFW is getting to be such a hot car, we put in a couple of things to slow it down. Dual brakes. The front wheel brakes are completely independent of the rear wheel brakes. So if you ever get on the front wheel brakes, you could still stop the back of the car. (Which automatically stops the front of the car too.)

The new VW also has seat belts, back-up lights and recessed door handles as standard equipment. In fact, this year's model is more complete than the Volkswagen that we thought would be better than a Volkswagen.

We wrote "Volkswagen" on the back of the car to be sure everybody would know what it was.

YOU'REE MOTOR CO., INC.

351 Main East Twin Falls, Idaho

Introducing two of the most radical changes in Volkswagen history. Can you spot them?

Did you notice that the headlights are vertical now instead of leaning back a bit? That doesn't make the car look any better. But it makes the road look better by making the lights a little brighter. And that little hump in the back? We did that to hold the license plate up straight so the police can read it better. (Sorry!)

What you won't notice without driving the new model are the big improvements. The engine has been enlarged to a fabulous 53 horsepower. That only adds 3 m.p.h. to the top speed. Because we put most of the additional power where it would make the engine accelerate faster, turn slower and last even longer.

Now that the VFW is getting to be such a hot car, we put in a couple of things to slow it down. Dual brakes. The front wheel brakes are completely independent of the rear wheel brakes. Idaho News

HEARING HELD

RIGBY, Idaho (AP) — Ronald Hall, 32, of Hamer, was bound over to the 12th District Court Thursday on the charge of first-degree murder in the fatal shooting of his brother-in-law Sept. 2, after a preliminary hearing.

Hall is charged in the fatal shooting of George Leon Johnson, 42, of Hamer.

Hall's defense attorneys requested dismissal of the first-degree charge—that he be changed to involuntary manslaughter. The request was rejected by Justice M. L. Donohue.

PARENT ARRESTED
SPIRIT LAKE, Idaho (AP) — The leader of a parents group which is resisting a school board decree here was under arrest Thursday on a charge of "encouraging violation by a minor."

Bond for James C. Brown, who was arrested Wednesday night, was set at \$300 and he was freed for about 24 hours to raise the money.

Another person connected with the same controversy, Mrs. Barbara Golden, since the order was issued on the same charge. She did not post bond either, and was freed to raise it.

The controversy involves the Lakeland School Board's order which eliminated combination classrooms at Abbot and Spirit Lake schools. Since the order, the district has transported children between the two communities, located some nine miles apart.

COMPLAINT FILED
BOISE, Idaho (AP) — The U.S. Institute of Southern California Eastern Oregon filed a complaint Thursday with the Idaho Public Utilities Commission which asked an injunction against Intermountain Gas Co. The complaint said an Intermountain Gas marketing program of "rolling-heating equipment" for \$1.95 per month was unfair.

The program violates federal anti-trust laws, the lawsuit against the restraint-of-trade, and the unfair sales-trade acts of Idaho, said Bob Nicholls of the Oil Heat Institute.

Candidate Is Endorsed by Area Legion

RICHFIELD — Richfield Legion members have endorsed Bernard F. Gratton as a candidate for American Legion National commander next year.

The Idaho man has been endorsed by the Legion's 4th district, to which the Richfield unit belongs.

Richfield American Legion new officers are Charles Macetas, commander; Jerry Davis, vice commander; Clifford Conrad, adjutant; Sterling King, chaplain; Lester Johnson, sergeant at arms; and Lyle Piper, service officer.

A report on Syringa Girl's State was given by David Davis at the Auxiliary meeting Tuesday evening in the Legion hall. Junior girls were special guests.

Mrs. Lester Johnson was named dinner chairman for a November banquet to be served a soft conservation group. October membership meeting with Mrs. Johnson and Mrs. Carl Paulson in charge of taking memberships.

Mrs. Paulson and Mrs. Lyle Piper were refreshment hostesses.

CHARGES FILED

WEISER, Idaho (AP) — Charges of second degree murder were on file today against Roberto Dominguez Mata, 26, a resident of the Weiser-Lewiston area.

Police Chief Mel Peterson said Mata was accused of killing Ramon Arista, 42, a Weiser laborer, whose body was found yesterday along the Snake River west of Weiser.

Peterson said investigation indicated Arista was in the area of the labor camp sometime early Thursday morning.

TRIAL ORDERED
BOISE (AP) — The Idaho Supreme Court Thursday ordered a new trial and reversal of the Lewis County District Court decision.

James P. Whit had filed a complaint against the Craig Mountain Railway Co. asking damages for injuries he received when his car struck a tree on U.S. Highway 2 near Craigmont.

The cow belonged to Jarnagin and it had escaped from his pasture through a cattle guard opening maintained by the railway, according to Whit.

The accident occurred in December, 1962.

18 Injured During Ohio Windstorm

CLEVELAND, Ohio (AP) — A violent windstorm, possibly combined with a tornado, injured 18 people in a two-hour period Thursday night, demolishing several homes and plunging parts of Cleveland and its suburbs into darkness.

Many residents in the stricken neighborhoods reported seeing funnel clouds, but the U.S. Weather Bureau here said the tornado reports were not confirmed.

The injured, none of them seriously hurt, were from suburban areas and the downtown district of Cleveland. All were treated at hospitals.

Although no deaths were reported, rescue workers were searching the debris of some homes and a Cleveland church in fear that persons may have been trapped inside when the buildings were leveled.

John O'Keefe, general manager of a Thistle-down race track in North Randall, said it "looked like a twister to me with debris flying around 500 to 600 feet in the air."

He said wind tore roofs off seven horse barns. Cars parked near the track were damaged by flying debris and several horses were injured, none seriously.

SKELETONS FOUND
DAMASCUS, Syria (AP) — Jeweled skeletons were found Thursday in the basement of a new office building in downtown Damascus.

Church Believes Emergency Feed Program Needed

WASHINGTON (AP) — Idaho will need an emergency feed grain program to help farmers and ranchers bring their herds and flocks through the winter, Sen. Frank Church, D-Idaho, said Thursday.

The hot, dry summer, which already has required use of three federal emergency programs, reduced or eliminated hay and feed grain crops needed by Idaho cattle and sheepmen to carry their operations through the winter, he said.

Many ranchers are selling all or part of their herds and more may have to follow suit unless federal aid is available.

Red Cross Drive Begins In Lincoln

SHOSHONE — The Lincoln County Red Cross fund drive will begin Saturday with a goal of at least \$1,000, according to Oscar Kerner, county chairman.

Increased need of funds is emphasized by the warlike in Viet Nam and the need of additional funds for assistance to military men and their families.

Mrs. Dorothy Rutherford is secretary. Mrs. Zane Alexander, county nurse; Ray E. Dyer, home service chairman; Melvin Pope, Richfield, area director.

Named as captains in the various communities are Ward Mills, northwest Shoshone; Pope, Richfield; Herb Love, town of Shoshone, and Kerner, north Shoshone.

John Thomas will assist Love

Sandra Fite Is Bride of

Ted L. Manker

Sandra Jean Fite, daughter of Mr. and Mrs. Eldon E. Fite, became the bride of Ted L. Manker Jr., son of Mr. and Mrs. G. H. (Tied) Manker, all Twin Falls, in rites Aug. 26 at the LDS Seventh Ward Chapel.

Opening prayer was given by the bride's grandfather, L. W. Hyde. The double ring ceremony was performed by Bishop Orville Thompson before a background setting of yellow and white gladioli.

The bride, given in marriage by her father and mother, wore a floor-length empire-styled gown of satin and Chantilly lace, fashioned with a shoulder-length detachable train. The gown was made by the bride's mother.

Her shoulder-length veil of illusion was held by a Chantilly lace and pearl tiara. She carried a handkerchief, given to her by Mr. and Mrs. George Miller, and a bouquet of carnations.

Jana Higginbotham was maid of honor and bridesmaids were Dilaine Eluana, and Marva Fite and Patricia Fite, sisters of the bride.

Nancy Hobson, Idaho Falls, carried the rings on a yellow Chantilly lace heart-shaped pillow trimmed with white lace and ribbons.

Ed L. Manker, twin brother of the bridegroom, was best man. Ushers were Ron L. Manker, brother of the bridegroom, Scott Williams and Thomas Butler, Hansen.

Traditional wedding music was played by Mrs. Rosel Hyde, aunt of the bride, Mesa, Ariz. Rosel Hyde greeted guests at the door.

Mrs. Edna Hyde and Mrs. Willard Fite, grandmothers of the bride, and Mrs. Lyona Smith, grandmother of the bridegroom, cut and served the cake, assisted by Mrs. Ora Porter, great-aunt of the bride, and Mrs. Rada Kuhn, Boise, aunt of the bridegroom.

Patricia Fite was in charge of the guest book. Assisting at the gift table were Mrs. Sharon Houser, sister of the bridegroom, Nancy Morrison and Brenda Nebel.

The bride's table was covered with lace over yellow and centered with a two-tiered wedding cake. The cake was decorated with yellow-rosebuds and topped with white wedding bells.

The couple greeted guests before an arch of white wedding bells.

Guests attended from Utah, Arizona, Boise, Caldwell, Burley and Idaho Falls.

The couple took a wedding trip to Boise and will reside in Twin Falls.

A shower for the bride was hosted by Jana Higginbotham at her home. The bridegroom's parents hosted the wedding party at a rehearsal dinner at their home.

CLUB MEETS — Mrs. George Day received a gift at the Mary Time Club meeting at the home of Mrs. Lyle Abel. Mrs. Daniel Shank is hostess for the Tuesday meeting.

Laura Stroud, McNew Repeat Nuptial Vows

The First Christian Church, Buhl, was the setting for the Aug. 20 wedding which united in marriage Laura Stroud, daughter of the late Mr. and Mrs. Clifford C. Stroud, Buhl, and Bill T. McNew, son of Mr. and Mrs. Kenneth McNew, Twin Falls.

Rev. Delmar Talley, assisted by Rev. Forrest Hibbard, Valley Christian Church, Twin Falls, performed the double ring ceremony before an altar setting enhanced with baskets of white gladioli tipped in blue, flanked by her brother, Robert Stroud, Buhl, the bride wore a floor-length gown of white pique de sole satin, fashioned with long lily point sleeves and a bell-shaped skirt. The gown was made by the bride.

Her elbow-length veil of illusion, enhanced with beau de sole roses and lace, was made by the bridegroom's mother. She carried a bouquet of white chrysanthemums tipped with blue and centered with a white orchid.

Christine Eastman, Pocatello, niece of the bride, was maid of honor. Bridesmaids were Teresa Mendezona, Nyssa, Ore., and Judy Kessler, Caldwell.

Kay Engelking, Nampa, served as best man. James Dalos, Buhl, and Terry McNew, Twin Falls, brothers of the bridegroom, were ushers. Rodney McNew and Annette McNew, brother and sister of the bridegroom, were flower girls.

Ruth Weaver, Scott, Flinn, nephew of the bride, and flower girl was Julie Pence, cousin of the bridegroom.

Traditional wedding music was played by Mrs. William Weststein, Buhl, and soloist was Nancy Schaefer, Homestead, a Carolyn Knefel, Mountain Home, registered the guests. A reception was held in the fellowship hall after the ceremony.

The bride's table was covered with lace over blue and centered with a four-tiered wedding cake.

The cake was topped with three satin bells under a heart-shaped arch of Lilies of the Valley. The table was decorated with arrangements of pale yellow roses.

Mrs. Richard Pence and Mrs. Robert Stoddard, both Twin Falls, aunts of the bridegroom, served the cake. Mrs. Ruby Bennett, Ellers, poured coffee.

Social Events

The Rebekah and Odd Fellows Harvest Festival and Bazaar will be held from 10 a.m. to 6 p.m. Saturday at the Odd Fellows Hall, 235 3rd Ave. E. Lunch will be served from 12:30 a.m. to 2 p.m. Quilts, made by Mrs. Glynn Smith, will be featured at the bazaar.

The Old Timers will dance at 8 p.m. Saturday at the Moose Hall. Music will be presented by Ben Lutzer's Tune Twisters. A gift certificate from the Idaho Department Store will be given as a special prize. The public is invited.

Today's Market and Financial Report

Stocks

NEW YORK (AP)—The stock market held a slight gain at the close today, having survived a sharp plunge which brought it below the Aug. 23 lows, but only temporarily.

Stocks weathered a brisk sell-off around midday and then rallied almost immediately. It looked as if the market had passed what was thought to be a severe test, but the passing grade was by no means 100 percent.

Many key stocks such as General Motors, U.S. Steel, and Texaco withstood the selling drive and were showing small gains in late dealings.

A flurry of local real estate in the list but on balance the market had done pretty well, brokers said.

Volume for the day was estimated at 6.4 million shares compared with 6.11 million Thursday.

A midday session the Dow Jones Industrial average was down 6.02 to 765.64—smashing through the closing low of 767.03 made Aug. 23—but the penetration would only temporary and "bar gain hunters" raced back into the market to erase the loss and give the Dow industrial a small gain on average.

Analysts looked at the decline and recovery as a kind of "U-shaped" pattern which is used chiefly on Wall Street meaning that selling has exhausted itself and buyers have stepped back into the market at relatively cheap levels.

Whether it truly was a "U-shape" or not, it was a "U-shape" of which many remained to be seen.

At 2 p.m. the Dow Industrial average was up .72 at 773.33.

KLM Airlines, which sank 10 1/2 points in the morning, rebounded more than 3 points.

Fairchild Camera and Xerox rose more than a point each.

IBM and Polaroid shot 3 1/2 points.

Zenith, Eastman Kodak, General Electric and Merck a point apiece.

The entire market picture remained very patchy, however, with local stocks as well as gains of strength.

Corning Glass sank 5 points.

Continental Air Lines 3, Burroughs and Brantley Airways more than 2 each.

Prices were generally lower in moderate trading on the American Stock Exchange.

Livestock

IDaho FALLS (Special)—Ewes—steady; lambs—25 to 50 higher as 6,549 head of sheep went through the Idaho Livestock Auction on Wednesday and Thursday.

There were 88 head of swine and 3,115 head of cattle going through the ring.

Choice of fat lambs 25-32; good to choice fat lambs 21-25; heavy feeder lambs 21-25; light feeder lambs 21-25; solid mouth ewes up to 15.00; and good mouth ewes up to 12.00 per head.

Extreme top 22.00; bulk 18.00; good steers 22-25; choice fat heifers 22-25; good fat heifers 21-22; commercial calves 18-20; veal calves 22-25; medium feeder steers 22-25; Holstein steers 20-22; good feeder heifers 22-25; medium feeder heifers 21-22; feeding cows 15-18; stock steers 22-25; dairy calves 21-25.

There are enough calves on the road now to accommodate everyone in the front seat. They're bringing a total of nine million a year, one-quarter of their air-conditioned.

We make 100 million passenger cars a year. In those good old days, you would simply ignore the dividend check you received and had in passing along.

But now the dividend check is sent you a "Form 1099" showing all the dividends it sent you. A copy goes to the IRS, which puts it into its EDP system, headquartered at Martinsburg, W. Va.

The information you file doesn't file with the company information, the Martinsburg, Monrovia, will file.

Attaching a note to your tax return will save you trouble with the revenue. You could file a "nonreturn" information Form 1087, showing that the money came to you and you passed it on after. But that could be a bother. A simple explanation with your tax return will do the trick.

Q. Is the tax-free interest paid on municipal bonds held in "street name" by a brokerage house reported to the Internal Revenue Service?

A. That depends on the brokerage house and what procedure it uses.

When you leave securities in street name (registered in the name of a brokerage house), all

the dividends and interest are reported to the IRS by the brokerage house.

Q. I received a dividend check payments naturally go to the on some stock I sold over brokerage firm, which I then a month ago. My broker credited them to my account, or

checked and asked that I send the check to him. I explained that I was not entitled to the dividend because I had sold the stock before the dividend date.

I suppose this is proper procedure but I want to be sure. Is it?

"And how do I reconcile the difference between my figures on dividends received and the company's report to the Internal Revenue Service?"

A. Yes, it is proper procedure. The dividend belongs to the person who bought the shares you sold. But, as is so often the case, the stock evidently was not transferred out of your name by the record date.

The company sent dividend checks to those whose names appeared on its books as stockholders at the close of business on the record date. The company had no way of knowing that you had sold and were not entitled to that dividend.

So, you send the dividend check to your broker. He sends it to the buyer's broker, who turns it in to the buyer. This goes on all the time. It's far from an unusual situation.

On the other point, you can square things up by attaching an explanatory note to your income tax return you file for this year.

Q. I have a question about the IRS. I received a dividend check payments naturally go to the on some stock I sold over brokerage firm, which I then a month ago. My broker credited them to my account, or

checked and asked that I send the check to him. I explained that I was not entitled to the dividend because I had sold the stock before the dividend date.

I suppose this is proper procedure but I want to be sure. Is it?

"And how do I reconcile the difference between my figures on dividends received and the company's report to the Internal Revenue Service?"

McMullen Goes Six-Under Par for Early Lead in Cactus Pete's Tourney

Taking advantage of some calm-early-morning weather and adding some talent against a burgeoning wind on the closing holes, Paul McMullen, Denver, stormed into a three-stroke lead in the opening round of the \$14,000 Cactus Pete's Invitational Thursday. The second half of the field sent out in chase of his six under par 62 found the short municipal course considerably tougher as a 9 a.m. breeze turned into a 20-mile-per-hour wind. The day also lifted Richard D. Martinez, San Clemente, Calif., into the favored role for come as the dark-haired youngster, who's been blooded on the tour, carved out a three-under 65 despite the wind. He had a 63 in Wednesday's pro-am and was enough for several spectators and kibitzers.

Oriole Mentor Gets Two-Year Contract

BALTIMORE (AP)—Hank Bauer, who directed the 1966 Baltimore Orioles to their first American League pennant, was given a new two-year contract Thursday on the eve of the World Series. Salary terms were not disclosed, but estimates placed Bauer's new contract at close to \$50,000 per year, an increase of \$10,000 to \$12,000.

The 46-year-old Bauer, a former New York Yankee outfielder, is completing his third year as Oriole manager. He also coached for Baltimore in 1965 before replacing Billy Hitchcock as manager.

After the Orioles finished third in 1964, two games behind the pennant-winning New York Yankees, Bauer was named American League manager of the year. Baltimore also finished third last year, eight games behind the Minnesota Twins.

Bauer's first tenure as a manager was with the Kansas City Athletics in 1954-55, but he was fired at the end of the 1955 season, just before he was expected to be fired by Kansas City owner Charles O. Kelly.

Bauer signed a one-year contract as Oriole manager in 1964 and was given a two-year pact at the start of the 1966 season. Harry Dalton, an Oriole vice president, told a news conference Bauer had received "a very deserving raise."

In terms of salary, Bauer is in the higher bracket as far as managers are concerned — justifiably so, Dalton said.

Injuries May Change ISU Backfields

POCAHELTO (AP) — Idaho State University's football team will likely have several changes in its offensive and defensive backfields for Saturday's first intercollegiate game against Northern Arizona University.

Ankle injuries may sideline the defense's best players, Leroy Harris and Larry Thomas, coach Leo McKillop said.

In addition, starting fullback McKillop declined to comment on the suspension of Robert Orr, but said sophomore Lowell Van Orman of Jerome would start in his place.

However, Van Orman was limping with an ankle ailment Thursday.

Batting Leaders

National League
Batting (.400 at bats) — P. Robinson, Baltimore, .316; O. M. Munoz, .308.
Runs batted in — F. Robinson, Baltimore, 120; Powell, Baltimore, 107.
Hits — O. M. Munoz, 186; F. Robinson, 170.
Doubles — Yastrzemski, Houston, 39; D. Robinson, Baltimore, 35.
Triples — Knepp, California and Casparis, Kansas City, 10; Brinkman, Washington, 9.
Home runs — F. Robinson, 13; Thayer, 4; Killebrew, Minnesota, 37.
Stolen bases — Buford, Chicago, 50; Campaneris, Kansas City, 49.
Pitching (15 decisions) — McNally, Baltimore, 13.5; B. J. Buswell, Minnesota, 12.5; 70; Strickland, Milwaukee, 20; Cleveland, 218; Kant, Minnesota, 203.

20 Prepare for U.S. Grand Prix

WATKINS GLEN, N.Y. (AP) — Twenty of the world's best auto-racing drivers will compete in the 200-mile Formula 1 race on the hilly, tree-shaded Watkins Glen track Friday in preparation for Sunday's U.S. Grand Prix.

Jack Brabham of Australia, who has won the 1960 world

championship with four victories and a fourth-place finish in the European Grand Prix race, leads the field at practice runs.

Times trials are scheduled for Saturday and the 248-mile race at 2 p.m. Sunday.

STAYING LOOSE for the World Series, the Baltimore Orioles moved indoors Thursday as rain kept them off the baseball field for the third straight day. Here three Orioles work out at the U.S. Naval Academy Field House. From left are Sam Brown, Luis Aparicio and Frank Robinson, three of the Orioles stars. (AP wirephoto)

Bengals Will Host North Arizona Team

POCAHELTO (AP) — The Arizona Cardinals will host the North Arizona team at the ISU Stadium at 1:30 p.m. Saturday.

The Cardinals, coached by Andy McDonald, fell in Fresno State 14-12 last Friday after dropping their opening game to Weber State 33-14, but McKillop feels they are one of the strongest teams on the Cardinals' schedule.

They have many transfers on their roster and have the personnel to be a tough team once they "start playing together," McKillop said.

The Lumberjacks use split ends and flanker backs and the offense is directed by quarterback Carey Hubert, a junior college transfer. McKillop said Hubert is a good passer and runner who likes to scramble.

Hubert, a 6-foot-3, 180-pounder, leads the Northern Arizona running game and the Lumberjacks term him an "all-around" player.

American candidate, Ben "Bud" McCall, said he would play last season but led the Lumberjacks in rushing in 1964.

McKillop said sophomore Lowell Van Orman, Jerome, will start at fullback for Idaho State Saturday in place of Otho Roberts who has left the team.

Bengal, a junior, indicated there might be some other changes.

T.F. Sophomores Shut Out Buhl

Twin Falls sophomores nixed the running of Dick Little and the passing of Jim Astorguia and Jeff Youtz into a 5-0 victory over Buhl Thursday night.

Little ran for three touchdowns while Astorguia and Youtz looked good passing, particularly to Gordon Hansen.

City of Arroyo defensive tackle, had his moment, intercepting a Buhl pass and returning it 45 yards for a touchdown.

Twin Falls, now 3-1 will entertain Burley here Thursday night.

QUITS TEAM

DAVIDSON, N.C. (AP) — George Leight, a 6-foot-3 junior on the Davidson College basketball team, quit Coach Fritz Dr. on Wednesday but he would not play this season in order to concentrate on his pre-medical courses.

Royer Shoots Into Canadian Open Lead

VANCOUVER, B.C. (AP) — Royer, who has won less than \$1,000 on the PGA tour, trailed this year, blazed around the rain-soaked, par 35-71, 6,000-yard Shagunessy Golf and Country Club course in 35:35 to take a one-stroke lead over Rex Baster Jr., of Houston, Tex., in the 72-hole tourney.

Billy Casper, the U.S. Open champion from Peacock Gap, Calif., and Jack Nicklaus, the Masters champion from Columbus, Ohio, finished with a 76 and a 73, respectively.

Tom Weiskopf of Bedford, Ohio, scored two eagles on the outstanding nine and seemed headed for the lead, but his game went to pieces on the back nine. He finished with a 71, then withdrew. "I'm pulling out, I'm sick," he said.

Koufax Passes Strikeout Mark for Third Year as Dodgers Edge Phils 2-1

ST. LOUIS (AP)—The Los Angeles Dodgers increased their National League lead to two games Thursday night as Sandy Koufax stopped St. Louis 2-1 on four hits and became the first pitcher in major league history to reach the 300-strikeout level in three different seasons. The victory put the Dodgers in position to clinch their second straight pennant Friday night if they beat Philadelphia and second-place Pittsburgh.

FROM ALL ANGLES
By LARRY HOWES

For the past couple of years there's been a tendency among Idaho fans to negate the value and ability of Ray McDonald as a football player. This coincides with Idaho's inability to win ball games despite seemingly good, if thin, material. McDonald is the all-American. These having seen him perform in high school can't conceive of him being stopped. Consequently, when the big man is held for little or nothing, or Idaho fails to win, the fans are quick to blame McDonald. He is the only one who can't be held for little or nothing, or Idaho fails to win, the fans are quick to blame McDonald.

Thank goodness for the Idaho Vandal. He is the only one who can't be held for little or nothing, or Idaho fails to win, the fans are quick to blame McDonald.

Idaho fans in this area head to the stadium again and again to see the Vandal. He is the only one who can't be held for little or nothing, or Idaho fails to win, the fans are quick to blame McDonald.

STARTING A DOUBLE PLAY, St. Louis shortstop Del Maxwell fires the ball to first after tagging second against the Los Angeles Dodgers in the second inning Thursday night in St. Louis. Dodgers catcher John Roseboro, on first with a walk, tries unsuccessfully to keep Maxwell from getting pitcher Sandy Koufax at first. Koufax had grounded to second baseman Jerry Buckner. The Dodgers won the game 2-1 to move two full games ahead of Pittsburgh in the National League race. (AP wirephoto)

Pirates Cheer Jaster After Dodgers Fall

PHILADELPHIA (AP)—"Hip, hip Jaster... Put your black suits away."

The Pittsburgh Pirates reacted like pennant winners to Wednesday night's turn of events in the National League. Although they still trailed the Los Angeles Dodgers by 1½ games with three to play after winning a four-run, double-play game, the Pirates' clubhouse was in a festive mood.

Willie Stargell had just hopped up the steps from the dugout shouting "We go all the way!" when the clubhouse radio blared the news from St. Louis that the Cards' Larry Jaster had shut out the Dodgers for the fifth straight time.

"I think maybe they ought to pitch Jaster again tonight," said Harry Walker, the Pirates' manager, with a grin.

"If the (Dodgers) lose that last game in St. Louis, we'll win the pennant," said Clemente. "It all depends on our series in Pittsburgh with San Francisco. But we play pretty good in Pittsburgh. Now they have got the pressure."

The Pirates are off today. Then they swing into the final three games with the Giants at Forbes Field.

The Dodgers finish their series in St. Louis tonight and come in to play the Phillies in their final three games.

ST. LOUIS (AP)—Larry Jaster knew what he was doing when he threw away a possible career as a left-handed quarterback for a \$50,000 baseball salary, but the St. Louis rookie is mystified by his mastery over the Los Angeles Dodgers.

Only 65 against the rest of the National League, Jaster shut out the Dodgers 2-0 on four hits Wednesday night, becoming the first pitcher to win a league title to post five consecutive shutouts against a single team in one season.

And he didn't know why. "It's a kind of unbelievable thing," the 22-year-old fastballer said. "You've got to be lucky to do what I did. I don't feel I throw any different than the Dodgers than anybody else."

SPORTS

A ONE-MAN LIMIT is displayed by two after Burton Perrine Jr., left, boated the three on a recent fishing trip to the Pacific Ocean at the mouth of the Columbia River. Perrine shared with the smallest one, worked his way up to the 50-pounder held by his son, Burton Perrine Jr. The catch weighed 114 pounds, dressed.

Little Encouragement Helps Local Angler Land Big Limit of Salmon

All he needed was a little encouragement from his fishing partners and Burton Perrine Jr. landed a big limit of salmon.

Perrine senior first landed a fairly small salmon and was then encouraged to catch a large one.

Some three hours later he did just that.

But again the others were unimpressed with the size. This time they wanted him to land one that would fill the box and hang out on both ends.

Come time to go it looked like Perrine senior could not resist the request. But after all but he had receded in, Perrine hooked one that took the complete 90 yards of 30-pound line.

With the help of the last salmon on Perrine senior's fish for the day totaled 114 pounds dressed.

But I always had it rough in the seniors," he added. "I just couldn't get any breaks."

Mauch to Play Role Of Spoiler in Race

PHILADELPHIA (AP)—Gene Mauch is going to do his best to make Connie Mack Stadium a snakepit for the league-leading Los Angeles Dodgers when they come into town Friday night for the opener of the final three-game series.

Disappointed because his Phillies lost a doubleheader to Pittsburgh Wednesday night, and won only one of three from the Pirates, Mauch has his pitching staff ready and waiting for the Dodgers. At this stage of the game, Mauch had expected to be in the fight himself, but now he is playing the role of spoiler to the bill.

"We will play as hard as we know how," said Mauch Thursday, an off day for the Phillies. "It is our best, as far as the Pirates are concerned, it will be up to them to see what they can do against San Francisco. We play no favorites here. We're not going to win them."

The Phillies, eliminated from any chance of moving higher, are frightened from below by the fifth-place Atlanta Braves in a minor-scramble for the lead of the World Series play-off.

"We haven't done very good against the Dodgers," said Mauch whose Phillies are 3-2 against Los Angeles. "And we haven't had good luck against them. We lost two in Los Angeles when we were winning good to the ninth."

The record shows that the Phillies are 3-2 against the Dodgers at home, but only 2-7 in Chavez Ravine.

"We will pitch Chris Short (14-10) Friday night, Ray Culp (7-4) or Rick Wise (5-6) Saturday, and come back with Jim Bunning (18-10) on Sunday," said Mauch. "If we need relief, we'll use only other pitchers the Dodgers will see will be Bob Buhl (6-8) and David Knepper (6-5). I hope they see only the three starters."

By The Associated Press—North Dakota State continues in first place in the Associated Press small-college football poll this week, but defeats suffered by other teams have helped it to a shakeup in the Top Ten.

North Dakota State had five first-place votes and 96 points in the poll, but 14 regional selectors based on games through last Saturday. North Dakota was ranked 11th in the poll, with 32 points.

Montana State is "tired" followed by San Jose State and San Diego State. All three climbed two places.

Eastern Kentucky, Ball State, Wittenberg, Parsons, Arkansas, Middle Tennessee and Tennessee State round out the Top Ten, the latter two teams in 10th place deadlocked.

Southwestern Illinois, second a week ago; Weber State, No. 4; Southwest Texas, No. 8; and Alcorn and Florida A&M, who were tied for ninth, dropped from the list of ranking teams.

The Top Ten with first-place votes and total points on a 10-9-8-7-6-5-4-3-2-1 basis:

Astro-Rookie Stops Reds For 3-2 Win

CINCINNATI (AP)—Pitcher Don Wilson got a victory in his first major league appearance Thursday night as the Houston Astros edged Cincinnati 3-2 in a home run by Chuck Harrison and Aaron Pritchett.

Wilson allowed five hits and struck out seven in six innings of relief.

Harrison homered in the sixth inning, Jack Fournier homered in the seventh, his first in the majors.

Don Shanksy homered for the Reds following a single by Lee May in the seventh inning.

Wilson allowed five hits and struck out seven in six innings of relief.

By The Associated Press—That's quite a race going on in the American League. Sure, Baltimore has the pennant wrapped up but second place is still up for grabs and it looks as if Detroit and Minnesota will be battling for the runner-up spot right down to the final day.

The third-place Twins sent the American League's top winner, Jim Kaat, after his 24th victory Wednesday, hoping for a sweep of their series with Cleveland. The Indians, however, spoiled the play with Luis Tiant's six-hitter.

Detroit, hanging on grimly to the runner-up spot, got a pair of home runs from Al Kaline and Mervyn Ponder in 10 innings at Anaheim.

That left the Tigers 1½ games in front of the Twins with Detroit having three games to play and Minnesota four.

Kaat, tied with Sandy Koufax of Los Angeles for the most victories in the majors with 24, needed six hits in eight innings to lead his team to a 4-1 win.

Tony Oliva, Minnesota's defending batting champion, had three hits, including his average to .308, eight points back of Baltimore's Frank Robinson.

Jaster Mystified by His Mastery Over Dodgers

ST. LOUIS (AP)—Larry Jaster, college football because of the bonus money from the Cards.

And so the 6-foot-3, 195-pounder entered the Cardinals farm system in 1962 and has been unable to post a winning season.

He was 2-4 at Tulsa earlier in the season and said that if his record didn't look particularly good, he earned run average "wasn't too hot either."

"But I always had it rough in the seniors," he added. "I just couldn't get any breaks."

He got the when the Cardinals brought him up. And he responded with some strong pitching, but nothing convincing to explain his mastery over the Dodgers.

His earned run average against the rest of the league is 4.00, but he has allowed the Dodgers just 24 hits in the five games—all singles.

Four Teams Drop From Poll Ranks

By The Associated Press—North Dakota State continues in first place in the Associated Press small-college football poll this week, but defeats suffered by other teams have helped it to a shakeup in the Top Ten.

Take It Easy
NEW YORK (AP)—Arnold Palmer, the millionaire golfing pro, has passed a physical examination but still has been told to slow down on his golf and other activities.

The 37-year-old star from Latrobe, Pa., said Wednesday he had just received the report on his physical check-up at a Pittsburgh clinic which showed "I was in good shape."

Passing Battle Is Expected in Idaho-UOP Game
MOSCOW, Idaho (AP)—A battle between two passing quarterbacks shapes up in Saturday's Idaho-University of Pacific football game here.

The Vandals concentrated on polishing the aerial attack of quarterback John Fournier in a lengthy afternoon workout Wednesday.

But Coach Steve Muscarel told them Pacific quarterback John Fournier is due to watch, hit, trip and throw with precision.

Along Fences and Canals

New feed bunks are being built at the George Peter Ranch east of King Hill. Peter is chopping trees down to make room for cattle feeding this winter.

A cinnamon brown bear cub attracted 35 spectators to the William (Slim) Brown place at the Big Wood Canal Co. Forks diversion, about 12 miles northwest of Richfield. The cub was first seen climbing a telephone pole about 5:45 p.m. Thursday and stayed around until at least 10:30 p.m. By that time it had climbed a tree. Other times it made rounds of the Brown yard and seemed very tame.

Mrs. Ray Appell reports seeing another bear at their ranch in northeast Richfield. The bear stood up in a field north of the house and then layed off. Mrs. Appell at first thought the animal a hog except for its unusual actions. The Appells are now wondering if some of their piglets aren't bear bait, as they raise several hundred at a time near Richfield.

Mr. and Mrs. James Powell, Richfield, encountered a large coyote in their pasture Friday morning while bringing in cows at 6 a.m.

Ray Mitchell has returned from Green River, Wyo., where he has been employed with a construction company. He is now employed at the Black Mesa project during the potato harvest.

William Arbough is cutting 10 acres of corn for silage this week at the W. W. Knox ranch, north of King Hill, to feed his stock this winter.

Lee Trail threshed 14 acres of clover seed at the Ray Thompson ranch, south of King Hill, last week.

The Ben Haubrichs, Richfield, helped the Robert Baileys of Ogden round up 60 head of Bailey's cattle east of Twin Falls on Sunday. The Baileys are former ranch owners at Richfield.

The third cutting of hay has been finished at the H. McCov Ranch on King Hill Creek, northwest of King Hill, according to Oscar Stulberg, foreman of the ranch.

Mr. and Mrs. Robert Francis lost five of their black Angus cows last week from bloat when seven head got onto green alfalfa. A few days later a heifer got out onto the highway and was killed when struck by a car. Francis teaches school in Burley.

The beans at Tuttle have been combined. Corn silage cutting is in progress at the farms of Mr. and Mrs. Raymond Taylor and Mr. and Mrs. William Meade and has been finished at the farms of Mr. and Mrs. George Turner, Mr. and Mrs. Jack Allen, Ted Andrus, Mr. and Mrs. Boyd Graves, Mr. and Mrs. Ed Larson and others. Several farmers in the Tuttle Community have finished harvesting everything except the mature corn and have turned their cattle out to pasture the fields.

Berger Conservation Area Purpose, Details Reported

The water distribution system which has just been opened on the Berger Resource Conservation Area will fill 72 separate troughs on grazing allotments.

This will allow ranchers to provide "thirsty" cattle with drinking water without having to haul it by trucks to storage tanks. Jack Wilson, Burley district manager for the Berger Area Management, noted this week. The system cost approximately \$171,000.

Wilson, explaining the Berger area management objectives, said, "Protection of the basic soil resource is paramount in our planning. To accomplish this, we are attempting to establish a perennial vegetative cover. Good management of livestock use on the area requires adequate distribution of water."

He added that by providing more livestock use on the Berger area, important winter range in the foothills south of Twin Falls would be protected for the cattle clear herd.

The Berger Resource Conservation Area was established in 1954 as a cooperative project of the local ranchers and the BLM. Nearly 20,000 acres have been seeded with crested wheat grass and other range grasses. Roads, cutwaters and fences were built. A 1,019 foot well,

16 inches in diameter was drilled this year and connected to 75 miles of pipeline.

Rehabilitation of the area is approximately 90 per cent complete. Additional fencing, road and cutwater construction, seeding and water developments will be completed within three years, said Wilson.

Boyd L. Rasmussen, national director of the BLM, turned the valve that started the water flowing through the distribution system last week. More than 100 cattle and sheep men representing the American National Cattlemen's Association and the National Wool Growers Association witnessed the ceremony as part of a tour of Twin Falls County rangelands.

Talk Slated

SHOSHONE — Mrs. Lindell Cooper, Dietrich, will speak on "Information Work and Means of Keeping the Public Informed" at a joint meeting of the Wood River Soil and Water Conservation district at 8 p.m. Oct. 4 at the Lincoln County Courthouse.

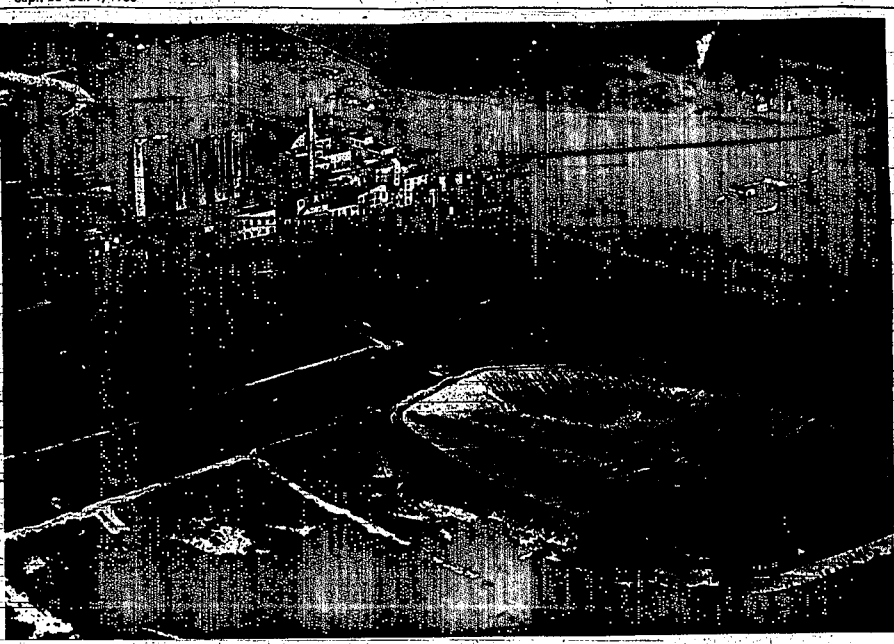

After her talk there will be a joint meeting of the Wood River supervisors and Lincoln County Agricultural Stabilization and Conservation committee.

... and we're celebrating with a store full of OUTSTANDING BUYS for Farm and Ranch.

SETTLING POND on the east side of the Twin Falls factory of the Amalgamated Sugar Plant is in the foreground of this picture of the installation taken this week. The factory is now being groomed for the annual run which this year is slated to get underway Wednesday, Oct. 12. Robert Day, Twin Falls district manager, said that the run this year should be completed shortly after Jan. 1, 1967. The settling pond shown in this picture is of a lime formation and, to date, no use has been found for this by-product. (Times-News aerial photo)

Amalgamated Sugar Plants Ready For Processing Start On Oct. 12

By O. A. (Gus) KEELER
Times-News Farm Editor

Processing of sugar beets at the Amalgamated Sugar Co. plants near Twin Falls and Pauli will start on Wednesday, Oct. 12.

Mare Wins

Chocolate Chip Bets, shown by Fritz Wunderlich, 13, Twin Falls, was judged Grand Champion Appaloosa mare at the Williams Valley Appaloosa Association fall horse show, according to word received here.

The show was held at Eugene. The local youth, who is a student at the Robert Stuart Junior High School, has shown Chocolate in shows in Utah, Idaho, Oregon and Nevada. Among the awards won by the past summer are seven Grand Champion and one Reserve Champion trophies.

Day also said that he expects

there will be a total of more than 800,000 tons of beets processed between the two plants. There are 45,000 acres of beets in the valley.

Outlook Good For Wheat Crop

WASHINGTON (AP) — Recent widespread rains have raised official hopes for a sharp increase in the 1967 wheat crop. Because U. S. supplies of the grain have been cut sharply, the Agriculture Department has been encouraging farmers to greatly expand acreages for 1967 harvest. The winter wheat crop is seeded in the late summer and fall.

The U. S. Weather Bureau said rains had limited wheat plantings, but had improved moisture conditions and potential seedbeds for wheat over most of the country.

"Fall plantings are expected to increase in previously dry areas and to continue active in other areas," the bureau said.

Delivery to Be Reduced On Oct. 10

Jerome — Water deliveries by the North Side Canal Co. will be reduced to amounts adequate for stock water Oct. 10 at Miller dam, reports Douglas Finckelburg, general manager.

Water will be turned out of the system by Nov. 1 to enable the company to credit its winter water savings to its storage account as set forth in the sales contract.

Water users are encouraged to order their water-off when they have no use for it, in order to conserve as much as possible. Because of the low carryover this year the company will be faced with a short water year next season, if precipitation is below normal this winter, the manager noted.

Large Crowd Attends Show Of Herefords

SALT LAKE CITY—The Hereford beef cattle show held at the Utah State Fair was a high-quality show with 52 head competing before a good crowd. Judge of the show was Lyman Jenson, San Luis Obispo, California.

Winning the top honor in the bull division was the two-year-old entry of Ruby Mountain Hereford, Elko, Nevada, on R. M. Battle Dam 74.

Wagenblast Herefords, Wasco, Oregon, walked off with the other three prizes. In the female judging, Miss DMW Silver H18, a junior yearling, edged out her younger stall mate, Miss DMW Silver T2, a junior calf, for top honors with the younger heifer taking the reserve rosette.

Wagenblast's reserve champion bull won their senior yearling entry, DMW Silver H14. The Wagenblast firm also won the three bulls, two bulls, and a yearling and a steer group classes. Their winning Gel was sired by DMW Silver H1.

Farmhand Is Adopted As Firm Name

HOPKINS, Minn. — Farmhand, Inc., will be the new corporate name for the Daffin Corporation, Hopkins, Minn., it was announced by C. F. Piersen, president, following a special meeting of shareholders.

"The name more truly represents the nature of our present business and the potentials for growth," said Piersen. The announcement of the change marks the winding up of the company's celebration of its 25th anniversary of Farmhand.

Originally a manufacturer of grain cleaning equipment under the name Superior Separator, the company entered the field of specialized agricultural machinery 25 years ago with the introduction of the hydraulic baler and a high-lift hydraulic loader for tractors.

Presently the company distributes 30 farm implement products through more than 4,000 dealers in the United States and Canada. It operates plants in Hopkins and Green Hills, Minn.; Jackson, Pa., and has recently opened a plant in Greeley, Colo., for the manufacture of sugar beet and potato harvesters.

The Greeley plant is the first major step in the company's long-range program of developing regional facilities to serve the specific needs of the particular region's farms. Farmhand employs over 900 people.

BUTLER LMS SYSTEM

Steel Sealed Storage For Low Moisture Silage

Reduce labor and increase farmstead profits with the Butler LMS System, the finest in steel sealed storage for low moisture silage. Maintain full nutrient value, consistent protein content. Reduce maintenance costs. Store material safely, unload it efficiently. System features high discharge rate, mechanical reliability, exclusive Butler breather chamber and capacities up to 1,100 tons. The Butler LMS system offers safe sealed storage at a lower-than-ever cost!

Contact Us for Details, Low-Cost Financing Available

As your authorized Butler Agri-Buller In this area, we offer a full line of Butler LMS systems and other quality Butler products, planning assistance and complete construction service. Ask about our "Pay-As-You-Grow" plan — deferred payment terms or attractive lease arrangements.

Idaho-Firm Is Offering New Spread

PALETTE—Pat's Pastries, Inc., of Payette, has made a breakthrough in the food field with a revolution in flavor. For many home-made favorites, foods and drinks everyone can now enjoy "the real thing" instead of an imitation flavor. In a spread of apples, apricot and peach, Pat's Pastries offers a spread for use in ice-cream, muffins, milk shakes, cakes, frostings, and many hot breads. But these spreads are different because they are made from the fresh fruit only and are brought to the consumer by a frozen-food process. Their difference is that they contain no dilution, no chemicals, no preservatives, or similar additives.

Pat deBord, secretary of the new company perfected the process as a home use and extended it to her friends. Friends asked her to increase production and other friends helped her in organizing a regular business out of her home. The company purchased a frozen food plant and started in business.

Today the concern is supplying such items as apples, apricots and peaches, and has wholesalers shipping their products out of Pocatello and Salt Lake City. The plant's production and business keeps growing at a rapid pace.

Tobe Massengill is president of the company and its board of directors includes John C. Wells-Bayles, Dwight Johnson, Lou Johnson, and C. L. Rodgers.

Averages Are Reported on Gooding Cows

GOODING—Cows on production testing in the Gooding Dairy Herd Improvement Association No. 1 averaged 38.5 pounds of butterfat per cow and 1,119 pounds of milk per cow in 1965, according to Cam Gardner, official tester.

There were 1,152 cows in the association, with 138 cows dry and 1,014 cows in production. A total of 29 herds were tested. Herds tested for pounds of butterfat, pounds of milk, total cows and cows in production included:

R. W. King and son, Wendell, grade Holsteins, 50, 1,371, 23, 23; Bob Tupper, Hagerman, registered, grade Holsteins, 40, 1,405, 24, 24; Harvey Wood, Gooding, 46, 1,388, 12; Frank Veensira, Wendell, grade Holsteins, 45, 1,254, 61.

V. P. McLean, Wendell, grade Holsteins, 44, 1,374, 53, 45; Dale Eden, Gooding, grade Holsteins, 44, 1,378, 15, 1, 2; Sanders, Richfield, 43, 1,222, 91, 80; Elmer Johnson, Wendell, grade and registered Guernsey, 40, 887, 36, 30; Jay Brown, Gooding, registered and grade Holsteins, 41, 1,230, 37, 35; Wesley Monson, Shoshone, registered and grade Holsteins, 41, 1,214, 35; Florin Rose, Shoshone, grade Holstein, 41, 1,084, 46, 33; Burt Williams, Shoshone, grade Holsteins, 41, 1,111, 40, 30; Westendorf, Gooding, registered and grade Holsteins, 41, 1,271, 14, 13; Jerry Westendorf, Gooding, registered Holsteins, 40, 1,191, 7, 6.

Pete Veensira, Wendell, grade Holsteins, 39, 1,170, 47, 40; Elden Arriaga, Hagerman, grade Holsteins, 38, 1,155, 35, 30; C. F. Lehman, Wendell, mixed herd, 37, 1,112, 39, 30; Groves Adams, Gooding, grade Holsteins, 37, 1,210, 32, 29.

Frank Jones, King Hill, registered and grade Guernsey and Jerseys, 36, 833, 30, 30; Les Goble, Wendell, grade Holsteins and Outcrosses, 35, 1,051, 30, 30.

MINNECASTE FACTORY OF THE AMALGAMATED SUGAR CO. near Paul is the second largest in the United States and the third largest in the world. Processing of sugar beets in this plant is slated to get under way Oct. 12 with digging of the beets starting Oct. 10. The white area at the left-center of the picture is the settling basin. Great storage buildings are noted at the right of the main building complex. Picture is taken looking southwest. (Times-News aerial photo)

Land Bank Head Avers Farmers Will Be Given Opportunity to "Speak Out"

The Federal Land Bank Association of Twin Falls, along with 706 other associations having a total membership of some 388,000 farmers, ranchers and dairymen across the country, will help in the job of "speaking out" for U.S. agriculture during 1967.

W. R. Nutting, association manager, reviewed plans for the 1967 agricultural program at a recent meeting of his board of directors. The tribute to "America's Farmers, Providers of Plenty" will be the highlight of a 50th Anniversary observance of the Federal Land Bank of Spokane for which the association makes and services loans.

Eleven "other land bank" districts throughout the United States and Puerto Rico will hold similar dedicatory programs during the coming year.

Nutting said:

"Open houses and specially programmed annual meetings will attract land, a disquietude 50th anniversary conference in Spokane Oct. 10-12, 1967. This event will initiate the year-long observance.

"Farmers are entitled to an opportunity to 'speak their bank officials, regional man-

Area Sugar Factories Set Opening

(Continued From Page 17)

all will be used this season. Movement of the beets from most of the dumps to the factories is by truck or rail.

Processing of the sugar beets grown in Magic Valley results in a good payroll for the area. The company pays more to growers also gives a "shot in the arm" to local economy, records show.

Most growers consider sugar beets as a "money crop."

The Amalgamated Sugar Co. with headquarters at Ogden, Utah, is among the biggest in the West. Sugar from company processing plants is distributed throughout the country.

"Consumers should know, for example, that the farmer receives only about 4 cents for the wheat he provides in a 25-cent pound of white bread; 2.7 cents as his share of a box of corn flakes retailing for 30 cents, and that the heavily capitalized agricultural business had only a 2.8 per cent return on investment last year compared with 12.5 per cent for leading U.S. corporations.

"As the farmer-owned Banks have been a major source of long-term agricultural credit for the past 50 years," Nutting concluded, "we feel it is a worthy objective of our Golden Anniversary campaign to document the great contributions America's farmers make to the highest standard of living in the world which our nation enjoys."

BOISE (AP)—Idaho's production of white clover seed for 1966 was forecast today at 2,310,000 pounds, down 27 per cent from 1965 production and off 45 per cent from the average in five preceding years. The estimate was made by the U.S. Department of Agriculture.

Commercial Feed Tonnage For 1966 Gains Over 1965

CHICAGO — The American Feed Manufacturers Association egg-type chick hatch, six per cent below year earlier levels during the first six months of 1966; however, feeding levels increased and dairy feed tonnage was two per cent greater than last year.

All classes of feed increased above year earlier levels during January-June except for layer breeding egg feed which was unchanged. Layer numbers on farms were slightly below year earlier levels throughout the first half of 1966.

The largest increases occurred in beef and sheep, turkey and hog feeds, with each up 21 to 25 per cent. Numbers were up correspondingly in these categories. The 1966 fall pig crop was six per cent below year earlier levels, but up 10 per cent in the 1966 spring pig crop.

Broiler tonnage was up seven per cent during the January-June period, about the same as the nine per cent in broiler chicks hatched. The thirteen per cent increase in a starter-grower egg feeds was similar to the

Lewiston Is Site of New Corps Setup

BUTTE, Mont. — A newly approved Neighborhood Youth Corps project at Lewiston, Idaho, will provide work experience for 58 in-school enrollees. A J. Craig, District Director of the U.S. Department of Labor's NYC agency, reported here.

Sponsored by Independent School District No. 1 of Lewiston, the project will have a Federal share of \$38,410. Administered by the U.S. Department of Labor under the Economic Opportunity Act, the Neighborhood Youth Corps is designed to assist young people 15 through 21 years of age from low income families.

While the main purpose of the program is to encourage students to remain in school by providing them with part-time work, school dropouts who cannot be influenced to return to classrooms are also assisted through rewarding and constructive work experience which improves their employability.

Technical assistance and supervision are provided by NYC staff members, but projects are planned and operated by local citizens.

Complete information can be obtained at the Northwest District Office of the Neighborhood Youth Corps, U.S. Department of Labor, Room 1923 Smith Tower, 504-4444, Washington 39104.

Rupert Cow
Tops Milk
Production

RUPERT—Lady, a registered Holstein owned by Louis Bott and sons, produced 2,468 pounds of milk with a test of 4.1 and 101 pounds of butterfat in the top producing cow in the Dairy Herd Improvement Association during August, according to B. T. Grandall, DHI supervisor.

Topping the herd production was a herd of eight registered Holsteins owned by Lamont Smith. The seven milking cows in the herd produced an average of 1,522 pounds of milk with 33 pounds of fat.

Grandall tested a total of 25 herds numbering 932 head, with 620 milking. A total of 1,108,849 pounds of milk was produced, with a total of 36,787 pounds of butterfat. Average pounds of milk produced per cow, including dry cows, were 1,187. Average pounds of butterfat per cow were 35. A total of 479 cows produced 40 pounds of butterfat or more.

Other high individual cows in the association were No. 15, a Holstein owned by John Thain, who produced 2,970 pounds of milk with 35.2 pounds of butterfat at a 3.2 test; L-1, a Holstein owned by Hillcrest Dairy, produced 81 pounds of butterfat butted at a 3.4 test; J-1, a Holstein owned by Louis Bott and sons, produced 80 pounds of butterfat from 2,468 pounds of milk at a 3.3 test.

High-head ewes other than the herd owned by Lamont Smith including dry cows were a herd of 18-grade Holsteins owned by Lee Steward and sons, producing an average of 50 pounds of butterfat from an average of 1,472 pounds of milk, and a herd of 20 registered Holsteins owned by Jack Hillerbrand which produced an average of 49 pounds of butterfat from an average of 1,430 pounds of milk.

A herd of 125 grade Holsteins owned by Hillcrest Dairy Farms produced an average of 48 pounds of butterfat from an average of 1,403 pounds of milk and a herd average of 15 brown registered Swiss Alps by Geoff. H. Dunham produced an average of 48 pounds of butterfat from an average of 1,181 pounds of milk.

Live TV War Coverage Is Envisioned

CHICAGO (AP) — Secretary of the Navy Paul H. Nitze said today a time when "armchair strategists" can watch live television coverage of war. But he told the annual convention of the Association of Radio and Television News Directors, the question is whether the American public is ready for new concepts of reporting.

Today it is technically feasible to provide live television coverage of a strike against the Communists in Viet Nam, from a 7th Fleet carrier in the South

ELDON L. LOWER
Farm Bureau Executive

Farm Bureau
Executive
Leaving Area

Eldon L. Lower, treasurer and chief executive officer for Farm Bureau Insurance Co. of Idaho, has resigned his position effective Nov. 1. It was announced here this week.

News of the resignation came to Twin Falls from Nyl Rydell, president of the Idaho Farm Bureau Federation who wrote that Lower will be director of sales for the Western Farm Bureau Mutual Insurance Company. His headquarters will be in Las Vegas, Nev.

Lower is well known in the Magic Valley area and is a 22 year veteran with Farm Bureau affiliated companies.

He has served as general manager of Farm Bureau Insurance Services in Idaho since 1954. He had worked previously as division manager of the Western Farm Bureau Mutual Insurance Company.

Mr. and Mrs. Lower and their daughter Jaquie will leave Pocatello shortly after November 1. In his new position Lower will direct all sales programs and serve in an administrative position for the two-state Farm Bureau affiliate.

"We have enjoyed very much our stay in Pocatello and much. We have made many, many friends throughout Idaho and hesitate tearfully to leave the Gem State, however we feel this is an opportunity that could not be turned down," Lower said.

According to Rydell no replacement has been announced.

China Sea. Nitze said in his prepared address said, could be a step, farther. Nitze said: "It is not too far in the future that the so-called armchair strategists will be able to watch a war actually being fought from his chair in his living room."

Bones of Humans Found in Moat

MOSCOW (AP) — A moat filled with bones of victims of Nazi wartime executions has been found in Latvia, the Soviet news agency Tass reported.

It said the human remains had been found at Daugavpils, 120 miles east of Riga, during excavations around the old city's fortress. Tass said it had been known that the Nazis had used the fortress as a concentration camp.

Report Given On 44 Herds At Jerome

JEROME—Of the 50 herds tested in the Gooding-Lincoln Jerome Dairy Improvement Association unit No. 2, 44 herds produced an average of 30 or more pounds of butterfat during August, according to Ben Russell, official tester.

Frank Houston, Jerome, with 11 registered Holsteins, averaged 1,625 pounds of milk and 60.0 pounds of butterfat. Jack Edwards, Dietrich, with 20 registered and grade Holsteins, averaged 1,660 pounds of milk and 58 pounds of butterfat.

George Cobb, Jerome, with 43 grade Holsteins, averaged 1,439 pounds of milk and 51 pounds of butterfat. Herbert J. McCowan, Dietrich, with 28 registered and grade Holsteins averaged 1,483 pounds of milk and 49 pounds of butterfat.

A. L. Blades, Jerome, with 14 grade Holsteins, averaged 1,421 pounds of milk and 47 pounds of butterfat.

Leroy Weigle, Jerome, with 44 grade Holsteins, averaged 1,302 pounds of milk and 40 pounds of butterfat. Orville Call, Hazelton, with 29 registered and grade Holsteins, averaged 1,392 pounds of milk and 45 pounds of butterfat.

Walter Rinehart, Dietrich, with seven grade Holsteins, averaged 1,319 pounds of milk and 44 pounds of butterfat. George Beer, Jerome, with 22 registered Guernseys, averaged 1,064 pounds of milk and 45 pounds of butterfat.

Raymond G. Clark, Jerome, with 19 grade Holsteins, averaged 1,300 pounds of milk and 43.0 pounds of butterfat.

Worth Hardy, Eden, with 68 registered and grade Jerseys, averaged 850 pounds of milk and 43 pounds of butterfat.

Hoyter Hootch, Dietrich, with 52 registered and grade Holsteins, averaged 1,316 pounds of milk and 42 pounds of butterfat.

Clyde Kasermer, Eden, with 34 registered and grade Holsteins, averaged 1,249 pounds of milk and 42 pounds of butterfat.

Gordon Martin, Jerome, with 28 registered and grade Holsteins, averaged 1,330 pounds of milk and 42 pounds of butterfat.

Lytle F. Anderson, Jerome, with 34 registered and grade Holsteins, averaged 1,220 pounds of milk and 41 pounds of butterfat.

Robert Burke, Wendell, with 50 grade Holsteins, averaged 1,283 pounds of milk and 41 pounds of butterfat.

Clarence Miller, Jerome, with 28 registered Holsteins, averaged 1,220 pounds of milk and 41 pounds of butterfat.

Jack Nelson, Jerome, with 54 grade Holsteins, averaged 1,287 pounds of milk and 41 pounds of butterfat.

GRAND CHAMPION STEER, owned by Denny Erickson, Kimberly, was sold to Jim Henry, representing Henry Products, Kimberly, for \$327. The Grand Champion steer was judged Saturday morning prior to the 4-H and FFA Fat Stock Sale held at the Twin Falls Livestock Commission Co. (Times-News photo)

Space Program Sparks Introduction Of Many Beneficial Items for Man

By JIM STROTHMAN
CAPE KENNEDY, Fla. (AP)—Women are coping with better pots and pans, while medical men have a new weapon for Parkinson's disease, brain and eye operations.

Spies of the James Bond school can pack a radio bug inside an olive-in-a-martini, as manufacturing firms build bigger, earthmoving equipment than ever before known.

It's all part of the fallout from a \$3 billion-a-year investment called "the U. S. space program."

Scientists—whose basic research today will provide the building blocks for even more technological progress—have known "dividends" quickly being harvested.

There are some of the "space-knows" dividends quickly being harvested.

MEDICINE

Tiny devices derived from space medicine, which measures accurately the temperature of frozen tissue, have been incorporated in surgery-freezing techniques on the brain and eye.

The devices, called thermocouples, are contributing to the development of freezing-type surgery for treating Parkinson's disease, brain and pituitary gland tumors, detached retina and removing tonsils.

Precision control systems used on space vehicles for operating lightweight plastic pumps have been applied in developing artificial hearts.

Research in developing compact-but-nutritionally complete rations for man and animals on long space flights could reduce hunger and dietary deficiencies in underdeveloped areas. It is

Dubois Surplus Sheep Sale Attracts Scores of Buyers

DUBOIS—A total of 1109 sheep were sold at the annual sale of surplus breeding stock at the U.S. Sheep Experiment Station and Western Sheep Breeding Laboratory in cooperation with the University of Idaho on September 22. Buyers purchasing sheep at the sale came from 18 states and one Canadian Province including: California, South Dakota, Idaho, Montana, Minnesota, Nevada, Oregon, Utah, Wyoming and Alberta, Canada.

The top selling ram of the sale, a registered yearling ewe, was purchased by Dan Fulton, McLeod, Montana for \$379. The highest price paid for a Columbia ram was \$55 paid by a buyer from the state of Idaho.

The top ewe of the sale, a registered Columbia 3-year-old, sold for \$67.50 per head. F. W. Bevans, Carleton, Alberta, Canada, all registered "Targhee" ewes sold averaged \$31.13 per head and all registered Columbia ewes averaged \$61.59 per head.

Ray Beckman, Jerome, with 40 grade Holsteins, averaged 944 pounds of milk and 31 pounds of butterfat. Elvin B. Smith, Jerome, with 27 grade Holsteins, averaged 980 pounds of milk and 31 pounds of butterfat.

Coy Jones, Jerome, with 32 grade Holsteins, averaged 980 pounds of milk and 31 pounds of butterfat.

New Head for Craters of Moon Named

ARCO — Paul Fritz has been appointed superintendent of the Craters of the Moon National Monument. It was announced in San Francisco by the National Park Service regional director, Edward A. Hummel.

A graduate of Utah State University in landscape architecture, Fritz began his federal career in 1938 as a landscape architect with the National Park Service in Ogden and later held a similar position at Sawtooth National Forest.

He also was project leader for both the Bridger and Sawtooth National Forest Recreation Surveys. In 1951 he transferred to the National Park Service as park landscape architect at Flaming Gorge National Recreation Area, Utah.

During 1955 he became project supervisor and project landscape architect for Canyonlands National Park, Utah. He will assume his new duties about Oct. 1. He succeeds Roger T. Conner who recently was appointed assistant superintendent of Canyonlands National Park.

REPORT GIVEN

WASHINGTON — More than 150,000 products in 45 states sold milk under federal milk marketing orders in 1965, according to a report issued by the U. S. Department of Agriculture.

Navigation and weather satellites are providing a traffic control for planes and ships, and warning of weather disturbances en route.

USED LOADERS

Good to excellent condition — reduced for immediate sale—gasoline or diesel powered—2 and 4 wheel drive—capacity from half yard to two cubic yards.

Rusk, Nixon Head Speakers Slated For Farm Bureau Federation Meeting

CHICAGO—Secretary of State Dean Rusk and former U.S. vice president Richard M. Nixon will be guest speakers at the 48th annual meeting of the American Farm Bureau Federation, December 4 to 8 at Las Vegas.

Secretary Rusk will address the general session of the convention on the afternoon of December 6, and Nixon will speak at the morning session on the same day.

The convention, an independent, non-governmental, voluntary organization of more than 600,000 member families, is the largest general farm organization in the nation.

More than 7,000 farmer and rancher members from 45 states and Puerto Rico are expected to attend the convention with general sessions being held in the Las Vegas Convention Center.

Among the key issues expected to be discussed and acted upon by voting delegates of the member state farm-bureau associations are: international trade, farm program legislation and farm marketing.

The convention is the culmination of a policy development process which starts in the local communities and funnels issues through county and state units to the convention resolutions committee and the voting delegates of the member state farm bureaus.

The resolutions committee, composed of the president of the member state farm bureaus and Puerto Rico, the AFBF vice president, chairman of the farm bureau women's committee and chairman of the young people's committee will make his report on the morning of December 5, and special interest conferences will be held in the afternoon.

Final consideration and adoption of the policy resolutions by the voting delegates will come the morning of December 8.

The convention will open on morning of December 7, and December 4 with a traditional continue through the morning of Tuesday service at 7:30 p.m. in December 5.

New Shell Heating Oil customers
receive anti-rust treatment for their
oil storage tanks at no extra cost

HOW TO CUT OIL HEAT COSTS

offers six tips that can help
you get more warmth from
your heating oil dollar

1. Keep your oil burner clean. Today's Shell Heating Oil contains special additive FOA-52. It helps keep critical burner passages free from clogging to assure better firing.
2. Guard against tank rust. Shell Sontor anti-rust treatment helps protect your storage tank up to three full years, at no extra cost.
3. Check your thermostat location. If your thermostat is in a stairwell, on an outside wall or near an outside entrance—it may cause your burner to operate more often than necessary.
4. Shut off radiators or registers in rooms that aren't in regular use.
5. When fireplaces are not in use, make sure dampers are securely shut.
6. Keep attic ventilators closed during the heating season. Call us today for the finest in heating oil service.
